

## 2025 Song Leading List

The HOALTC Board wants to provide students with a variety of songs and song styles, ranging from beloved hymns, devo songs, to contemporary praise and worship selections. Recognizing that not all churches have access to some of the newer songs, HOALTC, under our CCLI license, will be providing both sheet music and projection slides that will be used at the convention. Church Coordinators who have students registered for song leading will be provided a password to access a protected portion of our website to access the music. This music can only be used for training your students for the HOALTC Convention.

Students and their coaches should practice with the slides to ensure the student is prepared with the correct lyrics and verses. Students should also print a copy of their song to bring with them to the convention.

**Explanation from the Event Coordinator on the “Level 1” and “Level 2” labels:** Song leaders can choose a song from either list and it will not affect scoring or judging. However, the Level 2 songs generally offer more opportunity for song leaders to adjust how they lead the song (varying the speed, volume, mood) and exhibit their skills. Advanced and seasoned song leaders are encouraged to consider songs from Level 2 to assist with continued growth.
